

HERITAGE MARINE INSURANCE EQUIPMENT REQUIREMENTS

Please complete this form and return one copy to Heritage Marine Insurance

In addition to the emergency and safety equipment required by the United States Coast Guard, your insurer must receive your written statement verifying that you have equipped your boat with the following additional equipment.

Audible high bilge water alarm with the sensor/float switch located below batteries and engine (power boats 32' and larger)

Two anchors of appropriate size, each with sufficient chain and rode

VHF radio

Vapor detector (all gas powered cruisers)

Carbon Monoxide Detector (boats with cruising accommodations)

Automatic engine room extinguishing system (power boats 32' and larger and all twin gas powered cruisers)

I certify that my boat is equipped in accordance with the requirements outlined above.
